

# Covid-19 Update

We are following the recommendations of the AVMA & NCVMA.

We understand this is a stressful time for you & your pets.  
Visits are taking longer and we ask for your patience.

Our phone is very BUSY!

Please leave a message if you can't get through and  
we will return your call as soon as possible.

If your pet needs medication refills or preventatives please  
call ahead and we'll be glad to get those ready for you to  
pick up at the window.

Please call for a appointment if your pet needs to be seen and  
we will schedule as soon as possible.

Our waiting room remains closed at this time.

When you arrive for your pet's appointment please go to the  
Patient Check In window.

Our receptionist will get your pet checked in and  
a vet assistant will come out and escort you & your pet  
into the exam room.

We do request a mask to be worn and social distancing  
while inside the office.

We appreciate you supporting our small business.  
Thank you for letting us care for your pet.
